A Message from the Race Committee

March 16, 2020

To Our Bradley Road Race Community:

Every day the news regarding COVID-19 and the coronavirus that causes it changes dramatically. The messaging about the pandemic and our role in combating it is constantly evolving. So, too, have our plans regarding the unfortunate but now mandatory cancellation of our race on March 28th. **Last week we shared some contradictory information as we scrambled to address all the logistics.** We apologize for the confusion.

We are not rescheduling the race this year. We invest hundreds of volunteer hours to organize a race. Planning starts 10 months before; at this point we must begin to focus on the last Saturday of March next year — March 27, 2021 — for the 25th running of the Bradley Road Race. We do hope you will join us then.

We will transfer all current registrations to next year's race free of charge. Tee shirts are on order and will be handed out with the bibs at next year's race. **Anyone who would prefer a refund should email a request to registrar@bradleyroadrace.org.** Any refund requests received after March 28th will be paid by check and may take several weeks to process. We will continue to process refunds until the close of online registration next year.

If you are able, please consider making a donation to Channel 3 Kids Camp at www.channel3kidscamp.org. All previously designated donations to Channel 3 Kids Camp will be submitted to them soon after March 28th.

Thank you for your understanding. As always, we are grateful for your ongoing support, but even more so during these difficult times.

Please take care of yourself and your loved ones. We want to see all of you at the races next year!
